Fee Structure 2007/08

Initial Consultation Including assessment of child's communication skills and discussion with parents with a written summary report and recommendations.	from £75
Standard Session Rate This is the standard rate for regular therapy and additional assessment sessions.	£55 per hour
A written home/school programme Full and detailed reports will take between 2 and 3 hours. These reports would be suitable for Statement Reports, Annual Reviews and following a comprehensive assessment.	£55 per hour

Notes:

1. Initial consultation includes assessment of child's communication skills and discussion with parents with a written summary report and recommendations (usually 1 A4 side).
2. Review appointments are offered to monitor your child's progress and to update home/school programmes. This may include some re-assessment.
3. Reviews may be offered monthly, 3 monthly or 6 monthly.
4. Therapy sessions are 45 minutes to one hour with homework activities to be worked on in between sessions. Ask us for more details of discounts for block bookings.
5. A home/school programme is a pack of targets and activities to be carried out instead of regular therapy sessions. These should be carried out by a parent or someone who knows the child well. It is recommended that regular contact with the therapist is maintained (N.B. a home/school programme may not be suitable for all children)
6. We try to keep our travel costs to a minimum. However, if you live outside the Isle of Wight or if the journey takes more than 30 minutes then there will be a charge of £10 per half hour. We will inform you of this cost before you agree to our services.
